Figure 1. A schematic diagram of the experimental setup. The subject is seated in a chair, viewing a video screen. The screen displays a target (a small circle) and a starting point (a larger circle). The subject's hand is positioned at the starting point. The distance between the starting point and the target is labeled as d . The subject is instructed to move their hand from the starting point to the target. The video screen is connected to a computer system, which records the hand's position and movement time. The computer system is also connected to a data acquisition system, which records the subject's heart rate and breathing rate. The data acquisition system is connected to a data storage system, which stores the recorded data.

Who initiated CPP purge?

LETTERS

Editor James Edgar Higgins

THE NEW YORK TIMES, January 5, 1956. I am writing you to express my appreciation for the editorial in your issue of January 4, 1956, entitled "The Purge of the Communist Party." I am sure that the editorial is a fair and balanced one, and that it will be of great help to the public in understanding the situation.

I am sure that the editorial is a fair and balanced one, and that it will be of great help to the public in understanding the situation.

Finnish firm to bid for power grid

By James A. Parsons

HELEN, FINLAND — A Finnish power company, Fortum, has announced that it will bid to acquire the power grid of the state-owned company, Fingrid. Fortum is a publicly traded company in Finland, and Fingrid is a state-owned company. The acquisition would give Fortum control over the power grid in Finland, which is a significant asset for the company. The bid is expected to be completed by the end of the year.

Davao Light gets rice hike

By The Staff

Davao Light, a public utility company, has announced a price increase for its rice supply. The increase is due to rising costs of rice in the market. The company has stated that the increase is necessary to maintain its operations and to ensure that it can continue to provide a reliable supply of rice to its customers. The increase is expected to be implemented in the near future.
